Course requirements:

- Paper proposal and preliminary bibliography        April 2
- 1st draft of paper                                  April 23
- Final draft of paper                               May 14
- Conference-type abstract and presentation         Dates TBA

Topics (subject to change minute by minute, as much of the course will be research in progress)

I. Properties of A-movement
   1. Evidence for object shift in English and the 'split-VP hypothesis'
   2. The optionality of object shift
   3. Successive cyclicity of A-movement and the EPP
   4. Reconstruction and anti-reconstruction
   5. More on verb-particle constructions

II. Feature movement vs. Agree

III. Some new cases of 'repair by ellipsis'

Partial Bibliography
